

Hair Tips

A big part of ballet class is coming prepared, and that means having neat and secure hair. Using the correct tools when doing your child's hair can make all the difference.

1. Step One:

a. **You will need: Water, hair elastic, bobby pins & (possibly) clips.**

Water is key to making it secure, have a spray bottle on hand! After, use the bobby pins & clips to perfect it. If a student's hair can achieve a bun that would be preferred, but not all hair is the same so do the best you can.

2. Step Two:

a. **You will need: Hairpins & hairnet.** Having the right kind of hairpins makes all the difference, and don't hold back, use a lot of them! The hair net is perhaps the most important part! Don't worry if it doesn't look too great, place the hairnet over it, wrap it around several times, and your hair will look a lot better. And remember...pin it in place!

3. Step Three:

a. **Make it Last: You will need: Hairspray.** Finish your masterpiece by setting it in place with a little hairspray or hair gel.

*For hair that's too short to be pulled neck, we recommend (low toward the back of the head pigtails). If it's too short for pigtails, use a headband or clips to keep the hair away from the face.

Your Shopping List: (All items can be found on Amazon or at your local drug store. If needed, supplies are available in the school office.)

Water bottle
Hairpins

Hair Elastics
Hairnets

Bobby Pins
Hairspray

Clips
